## Education and Training

All staff members are provided with full training as required to enable them to keep abreast of the latest design and detailing developments. They attend external and internal training sessions together with CPD lectures on a variety of topics relating to design, construction and developments within the industry. All Professional and technical staff are required to complete the CSCS CITB (Construction Industry Training Scheme) Health & Safety examination and registration procedures.

Staff are provided with the opportunity where applicable to attend further education either on a day release or evening basis so as to advance their technical knowledge/expertise within the company and the industry
